

ESCUELA NORMAL SUPERIOR "VICTORINO VIALE"

ASIGNATURA: INGLÉS

CRUSO: 3° 2ª.

DOCENTE: TOMATIS, MARÍA DEL ROSARIO (wsp. 154 65 75 88)

FECHA DE EMISIÓN: 10/06/2020

En la entrega anterior apareció vocabulario referido a "interests" (cosas que nos gusta hacer en nuestro tiempo libre). En esta oportunidad ampliaremos el vocabulario para referirnos a dichas actividades.

En los textos que figuran más adelante podrás notar que esas actividades de tiempo libre se escriben agrgando el sufijo "-ing" al verbo. Por ejemplo: **surfing** the Net, **swimming**, **playing** volley, etc. . Esto se debe a que hay una regla gramatical que indica que después de un verbo que exprese agrado (like, love, be interested in) o desagrado (don't like, dislike, hate) el verbo que lo acompaña termina en "ing". Ejemplo: "I **like** **cooking**.", "Melissa **doesn't like** **riding** the bike"

MY FAVOURITE HOBBIES!

A. Read the following text and complete the table below.

I prefer indoor activities. When I have some free time I like reading, watching TV, going to the cinema or listening to music. My favourite hobby, however, is collecting things. I collect postcards and bookmarks. I have 322 cards so far and about 500 bookmarks. I spend three to four hours a week organizing them.

Carla, 12

I like indoor and outdoor activities. I enjoy reading and surfing the Net, but I also like going to the beach. My favourite hobby, though, is making accessories from shells, you know, bracelets, earrings... I usually spend about an hour a day on it, but at weekends sometimes I spend the whole afternoon making a nice bracelet.

Melissa, 13

I prefer outdoor activities. In my free time I enjoy swimming, jogging in the park, cycling... but what I really love is camping. My friends and I usually go camping once a month, at the weekend, of course. Michael has a farm so we put up our tents nearby. I love the countryside!

Diego, 15

I love outdoor activities. I enjoy cycling, skiing and surfing, but my favourite hobby is definitely skateboarding. It's exciting and it's fun. I'd like to be a professional skateboarder so I always practise about two to three hours after school. And also at the weekend, of course.

Mark, 14
